2007 WISCONSIN FARM TECHNOLOGY DAYS:

This year, as last, Mills Fleet Farm will exhibit at the Wisconsin Farm Technology Days to be held at the Plain View Stock Farm, in Albany, Wisconsin.

The Mills Fleet Farm presentation will consist of two displays. The first will encompass a 100-ft x 300-ft. area and feature presentations of agricultural, equine, apparel, and automotive products by key Mills Fleet Farm suppliers. Manufacturer reps will be on hand to demonstrate and answer questions.

The second display will be our demonstration area in the Mills Fleet Farm round pen. Demonstrations will be held on horse training each day of the show. There will also be cattle handling, worming, and ear tagging demonstrations daily at our cattle equipment display area featuring products from Iver-on, Y-TEX and Priefert.

Radar, the 2006 Guinness Book of World Records "World's Tallest Living Horse" as well as the Priefert 6-horse Percheron Draft Horse Team and Texas Thunder Team will be on display. The Priefert Teams will perform twice daily in the Mills Fleet Farm arena. We will also be doing mutton bustin' and calf scrambling twice daily in the Mills Fleet Farm arena.

On Tuesday, an appearance will be made by Mary Hamilton, a Mounted Police Instructor who has worked in the Law Enforcement for over 20 years. Mary is a POST certified instructor, a Field Training Officer, ARICP certified, and is certified Level 3 Mounted Police riding instructor through the American Riding Instructors Association. She and her training methods were featured in the August 2005 Horse Illustrated magazine. Mary now devotes her creative energy to developing customized training programs to improve show ring performances, mount obedience, and despooning trail horses utilizing training methods used in training police horses.

On Wednesday, special appearances will also be made by renowned horse trainer, Josh Lyons. Josh is one of the most naturally talented horse trainers and clinicians in the world. He began teaching his father's training methods at the young age of sixteen. Within a few short years, Josh began teaching the Certification Class, which has evolved to the John & Josh Lyons Certification Program.

On Thursday, one of the foremost and respected horsemen in the world, Lynn Palm of Palm Partnership Training is a pioneer among women in the horse industry. Lynn Palm has a record of 4 AQHA Superhorse Wins and over 34 World and Reserve World Champions. For more than 30 years, Lynn has championed the partnership of horse and rider, bringing her unique perspective to hundreds of thousands of horse enthusiasts around the world.
