

Agricultural Apps for Android and Apple Devices

	App name	Description	Download link	Cost
Ag Chemical	Agrian Mobile 	Allows you to instantly find crop protection product information	Apple: https://itunes.apple.com/us/app/agrian-mobile/id409704374?mt=8	Free
	Spray Guide 	Designed to assist agricultural applicators and farmers with the proper tank mixing sequence and to conveniently maintain accurate spray logs for easy record keeping.	Android: https://play.google.com/store/apps/details?id=com.lht.simplot.sprayguide&hl=en Apple: https://itunes.apple.com/us/app/spray-guide/id539618335?mt=8	Free
	Weed Manager Plus 	A mobile version of the Crop PHD tool, this app delivers weed management recommendations for your region, a tank mixing tool and a measurement conversion calculator for commercial farmers.	Android: https://play.google.com/store/apps/details?id=com.monsanto.weedmanagerplus&hl=en Apple: https://itunes.apple.com/us/app/weed-manager-plus/id554314194?mt=8	Free
Agronomy	Corn N Rate 	This app assists producers in selecting a nitrogen (N) rate that improves profitability when nitrogen and corn prices fluctuate. Maximum return to N (MRTN) is the N rate that will be most profitable for a particular N:Corn price ratio.	Android: https://play.google.com/store/apps/details?id=ipcm.calc.nrate&hl=en Apple: http://itunes.apple.com/us/app/corn-n-rate-calculator/id455298473?mt=8	Free
	N Price Calculator 	The N Price calculator app allows you to compare the price of various forms of nitrogen fertilizer products by converting the price from price per ton to price per pound of nitrogen.	Android: https://play.google.com/store/apps/details?id=ipcm.calc.nprice Apple: https://itunes.apple.com/app/n-price-calculator/id455090088?mt=8	Free
	Grain Shrinkage Calculator 	The Grain Shrinkage Calculator returns the results for the number of bushels after the moisture removal from field to storage for 7 common grains: Corn, Wheat, Soy Beans, Oats, Barley, Buckwheat, and Rye.	Android: https://play.google.com/store/apps/details?id=com.kineticthoughts.ff.moistureshrinkage&hl=en Apple: https://itunes.apple.com/us/app/grainshrinkagecalculator/id590695348?mt=8	\$ 0.99
	Nutrient Removal 	Customizable nutrient removal.	Android: https://play.google.com/store/apps/details?id=com.mosaic.nutrientremoval&hl=en Apple: https://itunes.apple.com/us/app/nutrient-removal/id481110504?mt=8	Free
	Fertilizer Removal by Crop 	Select crop and yield for that crop, and you will be given the amount of crop nutrients that your crop will need	Apple: https://itunes.apple.com/us/app/fertilizer-removal-by-crop/id520209986?mt=8	Free

This list was compiled by the UW Nutrient and Pest Management (NPM) program and is intended for reference only. It is not an endorsement of any particular product.

	App name	Description	Download link	Cost
Agronomy	YieldCheck 	Provides growers with a simple way to calculate and store corn yield estimates by entering kernel counts for 3 ears of corn and revealing the amount of bushels you can expect this fall.	Apple: https://itunes.apple.com/us/app/yieldcheck/id455760235?mt=8	Free
	Pioneer Planting Rate Estimator 	Allows the user to examine historical yield response curves to help estimate an optimum planting rate. Enter hybrid, grain price, and seed cost for a planting rate suggestion.	Apple: https://itunes.apple.com/us/app/pioneer-planting-rate-estimator/id518123675?mt=8	Free
Education Tools	CCA 	This app quickly gets the CEUs from a conference onto your CEU report.	Android: https://play.google.com/store/apps/details?id=com.bravuratech.CCA&hl=en_GB Apple: https://itunes.apple.com/app/id541038641	Free
	Dropbox 	Dropbox is a free service that lets you bring all your photos, docs, and videos anywhere. After you install Dropbox on your computer, any file you save to your Dropbox will automatically save to all your computers, your Android or Apple device and Dropbox website.	Android: https://play.google.com/store/apps/details?id=com.dropbox.android&hl=en Apple: https://itunes.apple.com/us/app/dropbox/id327630330?mt=8	Free
	MyScript Calculator 	My Script Calculator is a helpful tool for doing quick calculations without having to use the keypad. It performs mathematical operations naturally by using your handwriting. This is very nice if you are out in the field.	Android: https://play.google.com/store/apps/details?id=com.visionobjects.calculator&hl=en Apple: https://itunes.apple.com/us/app/myscript-calculator/id578979413?mt=8	Free
	MySci Pubs 	Search peer-reviewed journal articles. Access full text right on your device. American Society of Agronomy, Crop Science Society of America, and Soil Science Society of America.	Android: https://play.google.com/store/apps/details?id=bravura.mobile.app.MySciPubs Apple: https://itunes.apple.com/us/app/mysci-pubs/id470493882?mt=8	Free
	QuickOffice Pro 	Microsoft docs, Excel, PowerPoint, cumbersome but works.	Android: https://play.google.com/store/apps/details?id=com.go.android.am3&hl=en Apple: https://itunes.apple.com/app/quickoffice-pro-hd-edit-office/id376212724?mt=8&quantity=1	\$19.99
General Ag	Mobile pioneer.com 	Access to crop management tools. Puts a link to the Pioneer Mobile Site on your phone's desktop for one-touch access to tools for: Agronomy, Field-by-field record keeping, Markets, Weather and Local sales contacts.	Android: https://play.google.com/store/apps/details?id=com.pioneer.mobile.android&hl=en	Free
	iCrop Trak 	Make all your farm data available to your users on their iPad/iPhone (notebooks, 3-ring binders, boundaries, zones, photos, sketches, imagery) for better planning, documentation, reporting, and management of your farms/ranches.	Apple: https://itunes.apple.com/us/app/icroptrak/id460119175?mt=8	Free

This list was compiled by the UW Nutrient and Pest Management (NPM) program and is intended for reference only. It is not an endorsement of any particular product.

	App name	Description	Download link	Cost
General Ag	Drainage Tile Calculator 	You can calculate acres drained for single wall and dual wall tile in any size and grade, the pipe size needed to effectively drain acres, and the length of pipe you will need to purchase to complete your project.	Android: https://play.google.com/store/apps/details?id=com.agphd.drainagecalculator&hl=en Apple: https://itunes.apple.com/us/app/drainage-tile-calculator/id584976425?mt=8	Free
GPS Mapping	AGRIPlot 	AGRIplot allows you to plot any area on a map. AGRIplot will automatically calculate the area enclosed by the points and provide the distances between each point.	Apple: https://itunes.apple.com/us/app/agriplot/id433796800?mt=8	\$ 0.99
	PrecisionEarth 	PrecisionEarth is an iOS based application for quickly collecting field boundaries and GPS located grid, zone/region, and field soil samples overlain on rasters and in the field on iPads and iPhones.	Apple: https://itunes.apple.com/us/app/precisionearth/id452268046?mt=8	Free, paid upgrade available
	Connected Farm 	Uses your phone's GPS for mapping field boundaries, locating irrigation pivots, marking flags, and entering scouting information for points, lines, and polygon areas.	Android: https://play.google.com/store/apps/details?id=com.trimble.agmantra&hl=en Apple: https://itunes.apple.com/us/app/connected-farm/id547656570?mt=8	Free
	SoilWeb 	GPS based, real-time access to USDA-NRCS soil survey data. This application retrieves graphical summaries of soil types associated with the user's current geographic location.	Android: https://play.google.com/store/apps/details?id=casoilresource.apps.soilweb&hl=en Apple: https://itunes.apple.com/tr/app/soilweb-for-the-iphone/id354911787?mt=8	Free
IPM	IPMPro 	Green Industry professionals get immediate access to insect and disease information, pesticide recommendations, and plant care guidelines.	Android: https://play.google.com/store/apps/details?id=com.itanyplace.utenn&feature=search_result#?t=W251bGwMSWYLDEslmNvbS5pdGFueXBsYWNlLnV0ZW5uIl0 Apple: https://itunes.apple.com/us/app/ipmpro/id526045862?mt=8	\$24.99
	iScoutCrops 	iScoutCrops is designed by Ag View FS Precision. It is designed as a means for crop scouts to send reports back as quickly as possible.	Apple: https://itunes.apple.com/app/id463242217	Free
	IPM Toolkit 	This app allows you to read news articles, view videos, download publications, and access pictures which will aid you in adapting Integrated Pest Management (IPM) practices to your agricultural operation	Apple: https://itunes.apple.com/us/app/ipm-toolkit/id504685615?mt=8	Free
	myTraps.com 	MyTraps.com is a platform to help growers reduce pesticide use. The MyTraps mobile app provides a way for growers to record pest data directly from the field.	Android: https://play.google.com/store/apps/details?id=com.simonmacdonald.r17&hl=en Apple: https://itunes.apple.com/us/app/mytraps/id482138279?mt=8	Free

This list was compiled by the UW Nutrient and Pest Management (NPM) program and is intended for reference only. It is not an endorsement of any particular product.

	App name	Description	Download link	Cost
IPM	Aphid speed scout 	This helps you quickly determine whether the plant has 40 aphids and would be considered "infested." It then recommends further scouting or treatment options based on the number of "infested" plants in a given area.	Apple: https://itunes.apple.com/us/app/aphid-speed-scout/id454600279?mt=8	Free
	Ag PhD Field Guide 	The Ag PhD Field Guide helps you to identify problem pests in your field. You can browse weeds by name or by photo.	Apple: https://itunes.apple.com/us/app/ag-phd-field-guide/id545427305?mt=8	Free
News	Farm Progress 	Keep up on local ag news, grain and livestock markets, enhanced weather and blogs with the Farm Progress app. The app automatically directs you to the right local Farm Progress website.	Android: https://play.google.com/store/apps/details?id=com.inetsgi.farmprogress&feature=search_result#?t=W251bGwsMSwyLDEsImNvbS5pbmV0c2dpLmZhcmlwcm9ncmVzcyJd Apple: https://itunes.apple.com/app/id421224709?mt=8&ign-mpt=uo%3D4	Free
	cropNAtion 	cropNAtion is a social media platform for farmers and ranchers to connect with each other by sharing information about their farming operations.	Android: https://play.google.com/store/apps/details?id=com.growmark.croption&hl=en Apple: https://itunes.apple.com/us/app/croption/id505827635?mt=8	Free
	DTN/PF 	This app provides agriculture news, commodity market data, and industry-specific weather intelligence.	Apple: https://itunes.apple.com/us/app/dtn-progressive-farm-er-agriculture/id404268539?mt=8	Free, paid upgrade available
Weather	Radar Now 	Provides National Weather Service Enhanced Radar "Base" images from the NOAA WSR-88D NEXRAD Radar sites located around the US. When you start the app, the radar images are from the site closest to your location.	Android: https://play.google.com/store/apps/details?id=com.usnaviguide.radar_now&hl=en	Free, paid upgrade available
	Growing Degree Days 	The Farm Progress Growing Degree Days application measures the maturity of your crop by viewing current and past growing degree days data for your farm's location.	Android: https://play.google.com/store/apps/details?id=com.farmcentric.GrowingDegreeDays&hl=en	Free, paid upgrade available.
	Intellicast HD 	Interactive real-time weather application.	Android: https://play.google.com/store/apps/details?id=com.wsi.android.intellicast&feature=search_result#?t=W251bGwsMSwzLDEsImNvbS53c2kuYW5kcm9pZC5pbmRlbGxpY2FzdCJd Apple: https://itunes.apple.com/us/app/intellicast-hd-weather-radar/id408451987?mt=8	Free
