Wisconsin Private Pesticide Applicator:

General Farming

7th ed., January 2013. 306 pages

Authors

Steve Tomasko, Extension Outreach Specialist, Pesticide Applicator Training Program, University of Wisconsin

Glenn Nice, Extension Program Manager, Pesticide Applicator Training Program, University of Wisconsin

Vince Davis, Extension Weed Scientist, University of Wisconsin

Private Category 100/101

12,104 Certified Applicators

Examples of Applicators

- Farmers, fruit growers, poultry/livestock producers, sod producers, nursery and greenhouse operators, woodland owners, Christmas tree growers, DNR/company foresters
- Seed treaters who **only** treat seed grown by or owned and planted by them or their employer
- Public school employees when treating agricultural plants
- Public/private researchers/employees producing agricultural commodities on employer-owned property (e.g., UW employee at a UW agricultural research station)

Examples of Applications

- NOTE: This category covers any private pesticide application except those for which additional certification in a subcategory is required.
- Production of agricultural plants (Option Category 112 for fruit crops; Option Category 104 for greenhouse or nursery crops)
- Production of agricultural animals (including horses and animals raised for meat, dairy, eggs, and/or fiber/feathers), including applications to the animal, animal confinement areas, and manure
- Agricultural buildings, stored grain
- Treating seed grown and/or planted on farm (Option commercial applicator Category 4 except for planter-box treatments)
- On-farm wood preservation
- Private irrigation ponds, private fish hatcheries (Option commercial applicator Category 5 if only apply pesticides for aquaculture)
- Control of vertebrate agricultural pests

| **Section I:** Pests | • Insects and Their Relatives  
• Weeds  
• Plant Diseases  
• Rodents  
• Birds  
• Pests of Stored Grain  
• Livestock Pests |
| **Section II:** About Pesticides | • Pesticides  
• Formulations |
| **Section III:** Pesticides and the Law | • Pesticide Regulations  
• The Pesticide Label |
| **Section IV:** Health Precautions | • Pesticide Risks to People  
• Protecting Yourself  
• Responding to a Pesticide Exposure  
• Heat Stress  
• Employee Training |
| **Section V:** Handling Pesticides | • Transporting Pesticides  
• Storing Pesticides  
• Mixing and Loading  
• Managing Pesticide Wastes |
| **Section VI:** Pesticide Emergencies | • Emergency Planning and Community Right-to-Know  
• Pesticide Spills and Fires |
| **Section VII:** Applying Pesticides | • Safety Concerns  
• Methods and Equipment  
• Calibration |
| **Section VIII:** Keeping Pesticides on Target | • Pesticides in the Environment  
• Overspray and Drift  
• Nontarget Organisms  
• Pesticide Resistance |
